VOL CXXXI—53. ALEXANDRIA, VIRGINIA, WEDNESDAY, MARCH 3, 1915. PRICE, 2 CENTS

FIGHTING IN DARDANELLES

May Develop Into Three Cornered Fight by Entry of Austria

6 SHIPS LEAVE BASE

Bombardment of Turkish Forts Resumed—Reinforcements Reach Constantinople During Storm.

London, March 3—The conflict between the Turks and the Anglo-French fleet for possession of the Dardanelles may develop into a three cornered fight, according to a report that an Austrian fleet, consisting of six Austro-German submarines, several torpedo boats and destroyers have left the Austrian naval base at Pola for the Aegean sea.

Ships in the Aegean sea reported by wireless to Salonika that heavy gun fire could be heard and it is believed that the bombardment of the Turkish forts on the inner side of the Dardanelles has been renewed by the international fleet.

The attacking fleet is reported to have been divided in three parts. One of these is operating in the Dardenelles, another is stationed in the Gulf of Saros, throwing shells across the Peninsula of Gallipoli, and the third is standing off the entrance of the Dardanelles in the Aegean sea.

In addition to the 100,000 Turkish troops being massed for the defense of Constantinople, all the available heavy guns have been rushed to the remaining forts.

It is even said that some of the 11-inch guns were taken from the cruiser Goeben for use against the allied fleet. Guns have also been moved southward from the forts around Adrianople and from the Tchatalja forts.

The town of Yeni-Cheir has been set on fire by shells and destroyed.

A news agency dispatch from Athens states that the batteries of Kalid Bahr and Fort Sultaine, guarding the narrowest part of the Dardanelles, have been silenced.

OPERA HOUSE.

Beginning tonight and matinee Thursday Turner-Hammond Players with Clara Turner and Mr. James Hammond in the leading roles will inaugurate Alexandria's first high class stock company presenting royalty plays of such real class that the play-goers will wonder how they do it. "Tess of the Storm Country," by Rupert Hughes, author of Henry, W. Savage's "Excuse Me," is the bill, with bewitching little Clara Turner as "Tess." The story of the play in brief is as follows: It is a story about squatters on the border of Lake Cayuga, N. Y., where the people are careless of habit and very poor. It tells of a man who has been wrongfully convicted and imprisoned on the charge of murder of a game warden. His imprisonment leaves his daughter "Tessible," alone in the world. A young minster comes to the assistance of the little girl. After many trials and tribulations the girl's father is acquitted and the play ends with a tone of thanksgiving.

PENSION BILL $1,725,000,000.

So Actuaries Report to British House of Commons.

London, March 3.—The new British pension plan will cost the Government nearly $1,725,000,000 before the last pensioner dies, according to actuaries employed by the nonpartisan committee, which prepared the plan at the order of the House of Commons.

The maximum expenditure the first year, says the committee, will be about $280,000,000, and the cost for first year after the war will reach $65,000,000 These figures are based on an army of 3,000,000 men, a two years' war and 10 per cent of deaths, with 12 per cent of disablement.

NEWS OF THE DAY

A telegram from The Hague says that Austrian and German newspapers which publish comment on the operations in the Dardanelles have generally admitted that it is a question of time only before Constantinople will fall.

A dispatch from Mineola, Long Island, says although District Attorney Lewis J. Smith declined to confirm the report, it was learned yesterday that he is making preparations for the second trial of Mrs. Florence Carman, on the indictment charging her with the murder of Mrs. Lulu Bailey, before a special term of the supreme court early in April.

Reports received in Berlin from Concepcion, South America, say the German auxiliary cruiser Prince Eitel Freidrich has sunk the English sailing vessel Kidalton and the French sailing vessel Jean after taking off the crews.

Conditions still are serious at Singapore as the result of the mutiny among Indian troops. Executions are taking place every day in the public squares of Singapore. Hundreds of mutineers are said to be still at large, and it is considered possible an entire regiment was involved in the revolt.

Cold drafts and cold feet seem to have had a great part in the marital difficulties of Mr. and Mrs. Charles F. Stewart, whose divorce case is now pending in Detroit, Mich. Mr. Stewart testified that his principal complaint against his spouse was that she habitually got into bed the wrong way, placing her pillow at the foot of the bed and making a foot rest of his face.

A dispatch says Germany is urging Austria to send warships, especially submarines, to the Aegean, to surprise the Anglo-French fleet, but the minister of marine refuses to expose his warships to the risk of destruction. Moreover, the Austrian fleet is needed in the Adriatic, since the Italian fleet is concentrated, and is closely watching the progress of events. The prevailing conviction in Austria is that the opening of the Dardanelles is bound to influence Italy's attitude, hence surprises are feared.

As a result of a gas explosion in the Layland mine in the New River Pocohontas Coal Company, West Virginia, yesterday morning, 176 miners were entombed. Only ten have been rescued.

Seven Republicans and three Democratic mayors were chosen in the election in Maine according to returns compiled Monday in Auburn, where the Progressives sought to retain the control that they have had for three years. The Republicans elected Henry R. Portre as mayor. In Rockland Charles M. Harrington. Republican, is chosen mayor by three votes. Other Republican mayors chosen are Edgard M. Cherry at Eastport, Alexander C. Hagerty at Ellsworth, James H. Fenderson, at Saco and Charles E. West at South Portland. In Bath the Democrats overthrew the Republican administration, electing John A. Small, mayor. Judge Louis J. Brann, in Lewiston, and Mayor Samuel C. Otis in Hallowell are the other successful Democratic candidates.

MRS. LONGSTREET GETS $573.

Record of Confederate General Cleared of Desertion Charge.

Washington, March 3.—Mrs. Helen Longstreet, of Gainesville, Ga., was awarded $573.47 yesterday by Comptroller of the Treasury Downey as longevity allowances due her husband, the late Major General Longstreet.

The ruling of Comptroller Downey marks the third victory achieved by widows of Confederate generals to have the records of their husbands cleared of the charge of desertion because they resigned from the United States Army to tender their swords to the South. Widows of Gen. Fitzhugh Lee and Gen. J. E. B. Stuart were awarded funds some time ago under the Longevity Allowance Act.

VON HINDENBURG USING BIG GUNS

Said to be Doing But Little Damage Apart From Digging Holes

COSSACKS PURSUING..

Austrian Attacks Fail —Germans Still Retreating at Pryasnysz Before Pursuers.

Petrograd, March 3—A formidable bombardment of the Polish city of Ossowiec has been commenced by Field Marshal Von Hindenburg's army lying on the Bohr river. According to semiofficial advices, "the Germans are expending a vast amount of shells in the cannonade at Ossowiec in revenge for their defeat by the Russians at Przasnysz."

Latest reports from the front state that the German shells have done little damage beyond digging enormous holes in the ground.

In the Carpathians the attempt of the Austrian forces to pierce the Russian front near Lupkow, and thus relieve Przemysl, has ended in failure.

The German forces that were defeated at Pryasnysz are still retreating, hotly pursued by the Russian Cossacks. The Russians are inflisting heavy losses upon the German rear guard by cutting off and annihilating detachments of soldiers.

The German transportation system broke down frequently, despite the ostentatious plans they had made. The enemy lost more prisoners in the Przasnysz battle than in any other engagement on the Russian front. The Germans defeat there probably will compel a retirement along the greater part of the line. Already they are on the defensive along most of the front.

The Russians are carrying on a vigorous offensive between the Niemen and Vistula rivers.

Counter attacks of the Turks in the Trans Chorhk district of Trans-Caucasia have been repulsed with heavy losses.

PUBLIC STATEMENT

ROBERT PORTNER BREWING COMPANY have received NEW LABOR CONTRACTS dated April 2nd, 1915. These contracts were received by mail from the Washington (D. C.) Brewery Unions, of which unions our former striking employees are members. The principal new features of said contracts are large wage increases, elimination of employers' right to discharge employees when business conditions require reduction of force and assumption by the unions of the right to select all the operative employees for the employer, These contracts also contain the same arbitration clauses which our striking employees refused to observe at the time of the strike.

Coincident with the arrival of these new contracts, printed circulars were received through the mails by the company, dated and signed at Alexandria, Va. by Alexandrians, and worded as follows:

"Robt. Portner Brewing Co.,
"Dear Sirs:
"I would like for you to settle your difference with the men on strike at the plant, as I do not like to see the citizens and taxpayers of this city walk the streets and strike breakers working in their places."

Apparently this circular is an appeal to the employer to reinstate the "strikers"; but evidently it is designed to create a public demand for submission of the employer to the oppressive terms in the contract submitted. These contracts have been returned and none will be accepted.

When the men in Alexandria went "on strike" seven weeks ago, repudiating their contract pledge to arbitrate all differences, the company then was compelled to employ a new operative force eighty per cent of whom are Alexandrians. When later our employees in other cities were called out in sympathy, they refused to go, though Union men, basing their refusal upon the assailable position assumed by the brewery employees.

To the employees in Alexandria and other cities who have been loyal to the company, the company will remain loyal. No other course is consistent with self respect. No recognition of an organization is possible when it condones and approves the violation of its own contract pledge to the employers.

SHIPPING LOSS $26,750,000

J. Bruce Ismay Produces The Figures as a Tribute to Navy's Efficiency

Liverpool March 3—J. Bruce Ismay at a meeting of the Liverpool and London War Risks Association, said that the shipping entered in this association was valued at £80,000,000 ($400,000,000), that the vessels identified with the association which had been lost during six months of war were valued at only £850,000 ($4,250,000) and the cargoes at £4,500,00 ($22,500,000) The cargoes represented only 14 shillings per cent. (seven tenths of 1 per cent) of the total values of the cargoes at risk.

This, he said, constituted a magnificent tribute to the efficiency of the protection afforded by the British Navy and showed that the submarine peril had been greatly exaggerated. Submarines had proved far less dangerous than swift well handled cruisers.

STUBBORN BATTLE ON 30-MILE FRONT

French and Germans Struggling For Strategic Positions

BOTH LOSE HEAVILY

Belligerents on Equal Terms in Matter of Big Guns—Fire of Allies is Accurate.

Paris, March 3—A stubborn battle is raging over a thirty mile front in the Champagne district, where the French and Germans are struggling for the possession of strategic position.

Both sides have lost heavily in that region and at some points both sides claim victory. The French official dispatches state that the French troops have captured a number of German artillery supports as well as trenches and barricades constructed of fallen trees and bags of earth.

The feature of the fighting along the northern end of the battle line is the heavy artillery fire. The French and British are now on equal terms with the Germans in the matter of big guns, and the German artillery is kept on the move from position to position, avoiding the accurate fire of the allies' cannon.

Stormy weather continues, and at some points the trenches are nearly half full of water. This has led to a great increase in the cases of rheumatmism and pneumonia. A severe snow storm is sweeping the Vosges. At some places the snow is so thick the soldiers fight without seeing the enemy.

AMERICANS FLEECED

Lured By British Steamers With Promise Of Good Pay and Return And Cast Adrift Abroad.

London, March 3.—Many Americans have been induced to ship on British steamers as horse tenders with promises of good pay and a return ticket to America only to be turned adrift pennilless in England or France.

Such vessels run from American ports to England and France with remounts for the Allies. The men are wanted to care for the animals on the way over. They are assured they will be paid from $15 to $35 for their work and then supplied with a return ticket or an opportunity to work their way back on another steamer.

Upon arriving they often fail to get the money promised and are frequently turned loose to shift for themselves.

CHASES GEMS IN MILK CART

Woman Recovers $50,000 in Jewels She Left on Train

Chicago, March 3—When Mrs. Al H. Woods, wife of a theatrical producer got off a train from California Monday she forgot $50,000 worth of jewels. She discovered she did not have them on arriving at the Hotel Sherman. She rushed out front of the hotel. No taxicab or automobile was in sight. She saw only a milk wagon. But she hailed the driver.

"Fifty dollars to take me to the Northwestern station in a hurry." she shouted. The offer was accepted, she climbed upon the seat beside the driver and the equipage clattered at a gallop through the loop district.

Reaching the station, she found the Pullman cars had been backed into the yard. Out over the tracks she raced. A search revealed the jewels beneath the berth.

Rev. Dr. Thomas McCurdy, member of the judiciary committee of the general assembly of the Presbyterian Church, died at Atlantic City Monday night of heart failure. Dr. McCurdy was 75 years old, and would have completed fifty years in the ministry if he lived until June.

RUSSIA AND GERMANY

Peace Between Countries Expected Within Two Months

London, March 3—Adolph Hansen telegraphs to the Daily Chronicle from Copenhagen:

"The Copenhagen correspondent of the National Zeitung states that the firm opinion prevails in Germany that peace will be made with Russia by the end of May. The feeling in Germany is that the nation's position is hopeless he says, unless Germany can conclude a separate peace.

"It is believed here that Roumania welcomes the ascendency of the triple entente in the Dardanelles as a solution of a delicate problem and possible disquietude in Russia alone eventually took charge in Constantinople. Consequently, it is thought the present naval operations must exert great influence on Roumania, whose future attitude many persons here believe is intimately connected with the Italian policy.

COUNT DE BEAUFORT KILLED.

Divorced Husband of American Dies Fighting for France.

Chicago, March 3.—Count James Alexander von Mourik de Beaufort, one time son in law of M. H. Kilgallen, a Chicago steel magnate, has lost his life fighting for France near Nieuport, Belgium, according to a letter received by one of his former friends here.

Beaufort's escapades in and about Chicago's cafes with his bull dog "Bob" made him known to the entire city during his stay here. In 1912 his wife obtained a divorce.

FOOT AND MOUTH DISEASE.

Solution of Alum And Copperas Said to be a Cure.

Richmond, March 3.—Expressing his sincere belief that the dreaded foot and mouth disease can be cured, as well as prevented, if prompt action is taken, Mr. T. F. Stonebraker, of 201 East Cary street, tells of an outbreak of the disease in Fredericksburg three years ago, and during which not a single head was lost despite the fact that one cow had lost all four hoofs and had a mouth so sore that eating was an impossibility.

Mr. Stonebraker remedy is simple and, he declares, effective. His remedy is: Moping the mouth of the affected cattle with a solution of alum water and bathing the feet in a dissolved solution of alum and copperas, averaging five pounds of each to fifty gallons of water.

Where a large drove of cattle is kept, Mr. Stonebraker suggests that a pool be provided and, the cattle either driven through it daily or allowed to stand in it a few minutes. As a preventative cattle should be driven through a pool of the solution every two or three weeks.

Where the mouth is diseased Mr. Stonebraker suggests the feeding of a thin gruel.

This remedy he has found unusually successful in the treatment of many cases.

After suffering for thirty years from eczema. Mr. Stonebraker declares he was completely cured by the use of a weak solution of copperas, such as he recomends for use for cattle.

Senate Confirms Nominations Sent in by President—Meet at 11 Today to Avoid Extra Session.

Washington, March 3— The final rush to wind up the business of Congress before noon tomorrow is on.

Determined to avoid an extra session, the Senate leaders hacked away desperately at business through an all night session. Not until 6:40 this mornming did the wearied Senate recess ,and then only until 11 this morning, for a few hours rest.

Beginning all 11 today, a continuous sitting of the Senate until noon tomorrow is anticipated.

The Houses is less jammed up with business, and it stopped at 11:25 last night to reconvene at 11:25 this morning.

A feature of the Senate proceedings last night was the confirmation of four of the five members of the trade commission. Those confirmed are Joseph E. Davies, Edward N. Hurley W. J. Harris and W. H. Parry.

EVIDENCE REFUSED.

Richmond Vice Commission Turns Down Request of Mayor Ainslie.

Richmond, March 3.—Mayor Ainslie's request to the Vice Commission for specific evidence as to reported alleged wrongdoing of members of the Board of Police Commissioners in connection with commercialized vice in the city, is refused in "Report No. 2," submitted to the Mayor yesterday. The report intimates that the commission has evidence bearing upon conduct of police commissioners, but specifies that nothing tends to show any financial wrongdoing on the part of any.

The report continues to say that the members of the Vice Commission do not feel as public prosecutors, and understand that the Mayor has not the power to conduct an investigation. Therefore the commission will be willing to furnish its evidence to any properly constituted investigating body, to be designated by the Mayor, upon demand.

The report says further that a list of the locations of disreputable resorts accompanied it ,for the information of the Chief of Police, but the list did not reach the Mayor. This was thought to be an oversight. The Mayor was later advised by Rev. F. T. McFadden, secretary of the commission, that the lists are now being prepared.

HELD FOR CHILD'S DEATH.

Parents And Christian Science Practitioner Accused of Neglect.

Philadelphia, March 3.—Three persons, Christian Scientists, were held today in $1,500 bail each by Coroner Knight on the charge of criminal neglect in the death of 7-year-old Josephine May Wood. Those held were the parents of the child, Mr. and Mrs. William F. Wood, and Miss Dorthea J. Warmuth.

The child died Monday night of diphtheria. Josephine became ill February 22, but no physician was summoned. The parents called in Miss Warmuth, a Christian Science practitioner. On Monday night, however, the parents summoned a physician, who found the child dying and notified Dr. A. A. Cairns, chief medical inspector. Dr. Cairns swore out warrants for the Woods and for Miss Warmuth. All admitted to the Coroner that Christian Science treatment had been administered to the child. They were held pending the inquest.

"THE YOUNG MAN ABSALOM."

Forceful Address of Rev. Dr. McElroy at Second Presbyterian Church Last Night.

The services were again well attended last evening at the Second Presbyterian Church where Rev. Dr. McElroy preached another thoughtful sermon on the boy problem. He took the young man Absalom as an illustration of a young man who makes fatal mistakes in being idle vain, ambitious and having evil associates. The speaker urged parents to make companions of their boys.

Tonight he will preach on "Saul to Paul, or from Persecutor to Preacher." Song service begins 7:45 p. m.

STAR RACERS COMING.

The management of the Armory Hall skating rink was notified by wire today that Woodworth of New York, and Billy Yale, star of the 999 skate team, had signed to race next Friday and Saturday nights. Several attempts have been made to stage this race but owing to the caliber of the affair it necessarily took time. Both of these men are stars and have national reputations. They are both entered in the big international race to be staged at Madison Square Garden, March 6. So they are fit to race for life when the gun cracks that starts them on their journey. Those present will be sure to see a great race. B. Y. Hamilton the local champion who has developed such sensational speed, will also be seen in action, as well as other local talent. A soldier's race is also on the card.

ALEXANDRIA HOSPITAL

Reports of Board of Managers and Superintendent Detailing Year's Work.

The annual report of the Lady Board of Managers of the Alexandria Hospital has just been published. It shows that the expenses of the hospital during the past year were $10,993.40. There were 645 cases admitted for treatment and 277 surgical operations. There were 2,095 days of gratuitous nursing.

The Board of Lady Managers in their report state that they have made much progress both in numbers benefited and in advanced methods of work. The Board has been largely increased in numbers, each white congregation in the city being represented by two ladies, and ten members at large—numbering thirty-six in all. All have been much interested in the work.

Miss N. A. Simmons, superintendent, in her report says:

"The year of 1914 has been one of excellent results Our nursing force have for the most part remained in good health and have been diligent in their work. Our school is larger than before and we are able to again, give our pupils the advantage of the special course of training in the Episcopal Eye, Nose and Throat Hospital of Washington. Our graduating class numbers four this year. During the typhoid season the work was very heavy and patients very ill. The surgical work has been most successful and gratifying."

TITLE TO HOSPITAL SITE.

A decree was entered in the Corporation Court this morning in the suit of J. Johnston Green and others heirs of the late John W. Green, against the unknown heirs of Asa Hill and William Hodgson, removing the cloud from the title on the square of ground bounded by Pendleton, Columbus, Alfred and Wythe streets, recently purchased as a site for the Alexandria Hospital.

POLICE COURT NOTES.

In Police Court this morning Robert L. Michie, colored, who endeavored to enter the residence of Mrs. Yeatman, claimed that he was drunk and did not know what he was doing He was fined $10.

MRS. McMENAMIN WILL SUE THE SOUTHERN

Mrs. McMenamin Alleges Damage to Property by Smoke From Locomotives.

The long standing controversy between property owners in the southwestern portion of the city and the Southern Railway Company, due to damage to property said to result from the smoke of locomotives, is again to be aired in the courts.

Mrs. Alice McMenamin, who lives on Duke street, between West and Payne streets, and who secured a judgment in 1912 against the railway company for $1,500 in the Circuit Court, after a litigation extending over a term of years, yesterday field another suit in the Corporation Court. In her new suit Mrs. McMenamin declares that the railway company keeps its engines in the process of being fired in the rear of her premises, that they are kept in the open air waiting for a call for service, that steam blowers are frequently turned on the engines' green fires and as a result massive black clouds of dense smoke, cinders, smut and disagreeable and poisonous gases are forced from the funnels of the engines.

She states that as a result of these conditions her clothing, linen and furniture is kept dirty and greasy. Sitting outside in hot weather is impossible and the nights are made hideous by piles of irritating cinders in the beds and she says that sometimes the gases are so strong as to drive the occupants from their beds and sometimes from the house.

Mrs. McMenamin sues for an injunction to restrain the defendant from firing, keeping or storing the engines in the open air while not in active service, near her premises, and asks for reasonable damages. She is represented by Attorneys J. K. M. Norton and Edmund Burke.

FREE KINDERGARTEN.

At the regular meeting of the Kindergarten Board held yesterday the ways and means for raising money for the support o fthe kindergarten was discussed. It is planned to sell tickets for the "movies" for two weeks in April. No New Cases Are Reported of Foot and Mouth Disease

Richmond, March 2.—Every resource known to science and every physical means are being used to prevent the spread of the foot and mouth disease discovered last week in the herd of the Miller Brothers, in Henrico County. By sundown today the whole herd consisting of 275 cattle of the best breed and a prize bull which had recently been purchased at a cost of $800, will have been slaughtered and buried in a seven foot trench. As each animal is led to the scene of its interment and killed, the carcass will be so mutilated that the hide cannot be sold. The horns and hoofs, used in the manufacture of a certain form of oil, will also be so treated that they cannot be disinterred and sold in a private market.

The situation at present is believed to be under control, though it is considered to be very grave and very perilous in all Virginia. Co-operation and not criticism support and not dictation are needed by State Veterinarian J. G. Ferneyhough, he stated last night, and if support to his endeavors be granted to him in the fullest measure he believes that the outbreak may be confined to the Miller farm. Otherwise, it may appear in other localities, resulting in the quarantining by the Federal government of the whole State.

DYNAMITE PLOT IN NEW YORK

The discovery of a plot to blow up the most imposing church structure in New York and to kill the greatest financiers of the country has caused great apprehension, not only in the metropolis, but throughout the country. Fortunately the detectives caused the awful plan of the anarchists to miscarry, and the lives of several hundred persons who were unsuspectedly performing their devotions in the St. Patrick's Cathedral were spared, as well as those of John D. Rockefeller, Andrew Carnegie, Cornelius Vanderbilt and others.

In these perilous times there are many surprises. Peaceful commerce is menaced by mines and submarines in the theatres of war, while human fiends in a country at peace with all the world are prowling about the homes of the opulent with the intention of hurling them and theirs into eternity, for no other reason than that they are enjoying what they have been years in accumulating

But the attempt to destroy churches is still more serious. The world is bad enough under present conditions, but were the spirit of Christianity taken from the millions of human beings, this terrestrial sphere would soon become a veritable pandemonium.

The Jacobins of France were not satisfied after they had clogged the river Seine with the headless bodies of thousands of inoffensive people whose only crime was the possession of more of this world's goods than their murderers; they also waged war upon the eccelesiastical institutions of the country, and vainly attempted to eliminate the Creator from the universe. They placed an immodest woman upon the altar of the great Cathedral of Notre Dame and worshipped the vain daughter of Eve as the "Goddess of Reason." Their ideas of political economy, however, did not continue long, and Napoleon Bonaparte never performed a more useful service than when he discharged several batteries of artillery into the maddened masses and brought to an end the most bloody reign of terror in the world's history. There was an old saying among the Romans —"What has occurred before can occur again."

GERMANY AND THE UNITED STATES.

The anticipations of some excitable people that Germany's reply to the United States note in reference to the blockade of English waters would be in arrogant terms, showing the Fatherland to be implacable to reasonable suggestions, have been allayed by the answer of the Kaiser.

In its reply to the American note the German Government agrees that, under certain conditions, its submarines will halt and investigate merchantmen, and will proceed against only such vessels as are found to be carrying contraband or are owned in nations hostile to Germany.

The reply declares Germany's readiness to accept virtually all of the American proposals except the one which would restrict the use of anchored mines to purely defensive purposes. The German Government expresses the belief that belligerents cannot afford to abandon entirely the use of anchored mines for offensive operations. It is willing to consider the abandonment of floating mines.

In case German submarines take action, after investigation against merchantmen carrying contraband or owned in hostile countries, it is agreed that such action will be in accordance with the general rules of international law. This presupposes, however, the abandonment of the use of neutral flags by merchantmen of hostile nations or the arming of such merchantmen. If such tactics were employed, Germany contends it would be impossible to restrict the operations of submarines in this manner.

"What most impressed us in the American note was the evident spirit of absolute fairness in which the American Government approached the problem and its desire to propose a solution which could be accepted by both sides," said a high official of the German Government in Berlin yesterday. "We endeavored in the reply to follow the same rule. The modifications we suggested are inspired by the desire to round out and complete the American proposal."

The American answer to the German note is being warmly received by the German press," says an announcemnt from Berlin. "The humane sentiment underlying the American suggestions is appreciated," the statement continues. "The American answer is considered as proof of the fairness of the United States." The German reply is indorsed by the papers.

IMPOSED THE STATE PENALTY.

A resident of Norfolk was brought before the Police Court of that city this week to answer the charge of allowing gambling on his premises. He had employed counsel who alleged that the accused resided in the house where the raid was made, and that the parties found therein were friends he had invited to visit him The fact that gambling had been indulged in was proven, however; also that "chips" had been purchased. The justice imposed a fine of one hundred dollars and costs.

Occasionally the police of Alexandria make descents upon alleged gambling houses and arrest proprietors and players. The man of the house is fined twenty dollars, under the city law, and the players five dollars each. Under the state law imprisonment can be added to the fine.

GERMANY CROWN PRINCE

Geneva, March 3—For nearly two months nothing has been heard of the German crown prince, either from military headquarters or from Berlin. A report that he has been killed is wholly discredited, but his sudden retirement into obscurity has been the cause of much speculation.

News received here from Innsbruck states definitely that he is in disgrace, and by the kaiser's command is living in strict seclusion in Berlin.

REMARKABLE RECORD.

Flesh-forming Food That Succeeds Nearly Every Time

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Alexandria as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated and fails to make good blood and firm flesh.

Samose, the wonderful flesh forming food, taken before or after meals mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness.

Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with Leadbeater and take home a box of Samose. If the treatment does not give noticeable increase in good firm flesh and restore strength and health they will return the the money without any questions.

DEATH OF REV. DR. PHILLIPS.

Noted Presbyterian Divine Victim of Appendicitis.

Richmond, March 3.—Rev. A. L. Phillips, D. D., prominent Presbyterian minister, died at St. Luke's Hospital yesterday morning at 3 o'clock, following an emergency operation performed Sunday, from which he failed to rally.

Dr. Phillips was born in Chapel Hill, N. C., September 20, 1859. Both his father and grandfather were professors in the University of North Carolina, and he himself graduated there and received the degree of A. B. in 1880, and the degree of D. D. in 1895. He was ordained to the ministry of the Southern Presbyterian Church in 1884; and held important pastorates in Fayetteville, N. C., in Birmingham, Ala., and in Nashville, Tenn. He was secretary of colored evangelization from 1891 to 1898; and in 1902 he became connected with the work of the Presbyterian Committee of Publication in this city, first as business manager, and subsequently as general superintendent of Sabbath schools and young people's societies, which place he held at the time of his death

NO TURK ADVANCE ON CAIRO.

Goods in Syria, Except Imported Articles, Plentiful.

London, March 3.—A statement given out by the Official Press Bureau says:

"The following was officially issued at Cairo today:

"Since the last official communication there has been nothing fresh to report. There are no signs of any renewed advance on the part of the Turks.

"Reports from Syria show that there is no likelihood of any famine. Prices of foodstuffs have risen, but stocks are fairly plentiful in most districts. Imported articles, naturally, are very dear.

"The relations between the Mohammedan and Christian elements continue excellent."

WILL RETURN TO WORK.

But Will Resort to "In-Strike" if Raise is Refused.

Glasgow, Scotland, via London, March 3.—The engineers on strike in the Clyde shipyards, who were ordered on Saturday by the Government to return to work, have decided to resume operations next Thursday on condition that no overtime work be required of them.

They also resolved that if their demand of an increase in wages of 2 pence (4 cents) per hour was not conceded they would adopt an "in-strike," which means that they will loiter at their tasks, thereby reducing production to a minimum.

These proposals emanated from a committee formed by the strikers to act in their behalf, in place of their executive and district councils, which the men virtually repudiated.

Harvester Company Asks Reversal of Minnesota Court Rulings

Washington, March 3—Counsel for the International Harvester Company have filed a brief in the Supreme Court to support its contention that the Minnesota federal district court's ruling that the corporation was violative of the anti-trust law should be reversed. The brief also took the position that the dissolution degree would work an unjustifiable destruction of property.

The case has been set for oral argument April 5.

Provisions of the lower courts decree requiring the separation within sixty days of the company into three equal parts, with stockholders of one disqualified to hold stock in the others under penalty of the entire property passing into the hands of a court receiver are attacked vigorously in the brief. Capital could not be induced to invest in the separate companies, the brief declares and the property would go into a receiver's "with the only possible result of a sale by account and the destruction of many million of dollars in the value of its business and assets."

London, March 3.—Speaking in the house of commons today, Premier Asquith made the declaration that at no time had the government been more confident than today that the allies ultimately would achieve victory.

GERMANY'S REPLY

Accepts Virtually All the American Proposals.

Berlin, March 3—In its reply to the American note concerning the German naval war zone, the German government agrees that, under certain conditions, its submarines will halt and investigate merchantmen, and will proceed against only such vessels as are found to be carrying contraband or are owned in nations hostile to Germany.

The reply declares Germany's readiness to accept virtually all of the American proposals except the one which would restrict the use of anchored mines to purely defensive purposes.

London, March 3—The Daily Telegraph in a dispatch from Rotterdam quotes the Deutsche Tage Zeitung as saying:

"The United States can easily avoid all the dangers threatening them in English waters by sending their ships via Gibraltar to Marseilles where they can discharge. This small extension of the voyage would be well worth while.

"They would avoid all the dangers from the British misuse of the American flag and if a German submarine saw in British waters a ship flying the American flag it would know that it was not really American."

Washington, March 3—While President Wilson indicated yesterday that the United States would send a note of inquiry to Great Britain and France to learn how they proposed to carry out in practice their announced determination to prohibit commercial intercourse by sea with Germany, such action, it was later stated probably will be deferred until replies are received from Great Britain and Germany to the American proposals looking to an abandonment of submarine warfare on merchant ships and unrestricted passage of foodstuffs for civilian population of belligerents.

POSTOFFICE ROBBED

Desk of Commonwealth Attorney Also Rifled.

Richmond, Va, March 3—The door of the postoffice at Providence Forge, New Kent county, was broken open Monday night, a heavy oak plank being used to batter the door. The thief stole a registered letter and some small change from the postoffice, and rifled the desk of M. H. Barnes, Commonwealth Attorney of New Kent County.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing up a mess of mustard, flour and water when you can so easily relieve pain, soreness or stiffness with a little clean, white MUSTEROLE.

MUSTEROLE is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of the out-of-date mustard plaster, and will not blister!

MUSTEROLE gives prompt relief from Sore Throat, Bronchitis, Tonsilitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it often prevents Pneumonia).

At your druggist's, in 25c and 50c jars, and a special large hospital size for $2.50.

Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

TRUTHFUL REPORTS.

Alexandria Reads Them With Uncommon Interest.

An Alexandria citzen tells his experience in the following statement. No better evidence than this can be had. The truthful reports of friends and neighbors is the best proof in the world. Read and be convinced.

H. C. Smith, tailor, 919 King St., Alexandria, says: "I hope my statement will be the means of getting other sufferers to use Doan's Kidney Pills and be cured as I was. I couldn't begin to tell the agony I endured from my back. I didn't find anything that would cure me until I used Doan's Kidney Pills. They made me well in less than a month and during the past two years, I have had no trouble. The endorsement I gave, at the time the cure was made, holds good."

Price 50 cents at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith had. Foster-Milburn Co., Props., Buffalo, N. Y.
